How to attach, adjust, and secure the beater

It is stored in the bag like this

1. How to attach the beater

Loosen the wing screw. Ⓜ Please do not remove the screw. If you loosen it a little, the attached beater will fit.

2. Adjust/Secure

Adjust it so the tip of the shaft is visible. Secure the beater in place by tightening the screw.

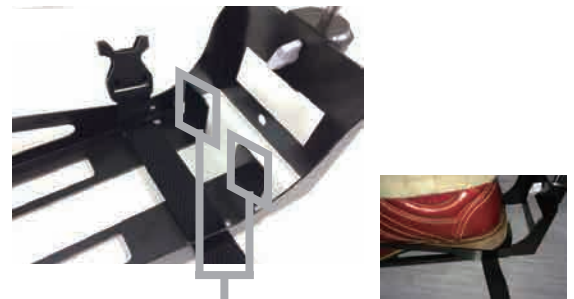

How to attach to your foot

What it looks like when you play

Place your heel on the heel support and attach the Cajon Kicker.

Place your heel here

Lock the strap in place by pulling and adjusting the belt.
